Use hashtag #SUFU19 on Twitter to follow all the SUFU happenings at AUA 2019!

May 3, 2019 | 12:30 p.m. - 4:30 p.m. | Chicago, Illinois
McCormick Place Convention Center, West Building
Program Chairs: Arthur P. Mourtzinos, MD, MBA
Polina Reyblat, MD

All Sessions located in McCormick Place Room W470AB, unless otherwise noted.

Speakers and times are subject to change.

FRIDAY, MAY 3, 2019

12:30 p.m. - 12:35 p.m. Welcome and Introduction - LUTS: Women Have It Too
Program Chairs: Arthur P. Mourtzinos, MD, MBA
Polina Reyblat, MD

12:35 p.m. - 12:50 p.m. What Does LUTS Mean: Historical Perspective
Speaker: Eric S. Rovner, MD

12:50 p.m. - 1:00 p.m. PLUS Consortium Update - Prevention of Lower Urinary Tract Symptoms
Speaker: Elizabeth R. Mueller, MD, MSME

1:00 p.m. - 1:30 p.m. Contemporary Evaluation and Treatment of Primary Bladder Neck/Outlet Obstruction in Women
Moderator: Benjamin M. Brucker, MD
Speakers: Doreen E. Chung, MD, FRCSC
Lara MacLachlan, MD
Priya Padmanabhan, MD, FACS

1:30 p.m. - 2:00 p.m. Challenging Case Debate: 55-year old Female with Moderate Cystocele and Persistent LUTS after Mid-Urethral Sling Placement
Moderator: Kathleen C. Kobashi, MD, FACS
Speakers: Donna Y. Deng, MD, MS
Gamal M. Ghoniem, MD, FACS
Nirit Rosenblum, MD
Christian O. Twiss, MD

2:00 p.m. - 2:10 p.m. Symptoms of Lower Urinary Tract Dysfunction Research Network: 2019 Update
Speaker: Anne P. Cameron, MD, FPMRS

2:10 p.m. - 2:25 p.m. State-of-Art: Ten Years After the FDA Warning: Status of Vaginal Mesh
Speaker: Alvaro Lucioni, MD

2:25 p.m. - 2:40 p.m. Break

2:40 p.m. - 3:00 p.m. DHIC in Women: Diagnosis, Evaluation and Management of Detrusor Underactivity in Women - What is Our Contemporary Practice?
Moderator: Alan J. Wein, MD, PhD (hon), FACS
Speakers: Gregory T. Bales, MD
John T. Stoffel, MD

3:00 p.m. - 3:30 p.m. Point-Counter Point: To TURP or Not to TURP, and What To “TURP” With?
Moderator: Roger R. Dmochowski, MD, MMHC, FACS
Panelists: Arthur P. Mourtzinos, MD, MBA
Matthew P. Rutman, MD
Case: 67-Year-Old Obese Diabetic Man with Large Prostate, Severe LUTS and Moderate PVR
Case: 78-Year-Old S/P TURP 10 Years Ago with LUTS and Detrusor Underactivity

3:30 p.m. - 4:00 p.m. Another UTI? What Do Experts Say?
Moderator: Toby C. Chai, MD
Panelists: Duane Hickling, MD
Una J. Lee, MD, FPMRS
Ariana L. Smith, MD
Anne M. Suskind, MD, MS
27-Year-Old Woman, 4th UTI
43-Year-Old Woman, MS
87-Year-Old Woman, Moderate PVR, 3rd Admission for Urosepsis

4:00 p.m. - 4:15 p.m. Vaginal Laser Therapy in Today’s Urologists’ Practice: What Evidence Tells Us? What FDA Warns Patients About?
Speaker: A. Lenore Ackerman, MD, PhD

4:15 p.m. - 4:30 p.m. Is There a Future for Regenerative Medicine for LUTS?*
Speaker: Margot S. Damaser, PhD
*Not CME Accredited

4:30 p.m. Adjourn
Educational Needs
A sub-specialist in Female Pelvic Medicine and Reconstructive Surgery (FPMRS) is a physician in Urology or OB/GYN who, by virtue of education and training, is prepared to provide consultation and comprehensive management of women with complex benign pelvic conditions, lower urinary tract disorders, and pelvic floor dysfunction. Comprehensive management includes those diagnostic and therapeutic procedures necessary for the total care of the patient with these conditions and complications resulting from them. However, FPMRS problems remain in the purview of the general urologist. The problems that affect women — such as voiding dysfunction, urinary incontinence, pelvic organ prolapse, urinary tract infections, and even bladder pain syndrome, have significant medical, economic, and social impacts, yet the ideal management of these most common conditions often remains controversial. This program will provide participants with evidence-based information on how to evaluate and treat patients with common FPMRS diagnoses, and how to deliver that service in an efficient, safe, patient-centered way.

Educational Objectives
At the conclusion of the SUFU at the AUA 2019 Annual Meeting, LUTS: Women have it too, attendees will be able to:

1. Discuss main targets for prevention of LUTS in women.
2. Evaluate and treat primary bladder neck obstruction in women.
3. Evaluate and treat persistent LUTS in a patient with a cystocele after mid-urethral sling placement.
4. Discuss updated information gained from the research of the LURN research network.
5. Evaluate and treat DHIC (Detrusor Hyperactivity Impaired Contractility) in women.
6. Discuss the evidence and apply 2018 AUA guidelines for surgical management of BPH.
7. Utilize evidence-based information regarding recommendations for treatment and prevention of recurrent UTIs.
8. Explain evidence-based information concerning the science behind the use of vaginal laser therapy and its approved indications.
9. Identify the future directions of regenerative medicine as it applies to LUTS.

AUA Accreditation Information
Accreditation: The American Urological Association (AUA) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation: The American Urological Association designates this live activity for a maximum of 3.50 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Other Learners: The AUA is not accredited to offer credit to participants who are not MDs or DOs. However, the AUA will issue documentation of participation that states that the activity was certified for AMA PRA Category 1 Credit™.

Evidence Based Content: It is the policy of the AUA to ensure that the content contained in this CME activity is valid, fair, balanced, scientifically rigorous, and free of commercial bias.

AUA Disclosure Policy: All persons in a position to control the content of an educational activity (i.e., activity planners, presenters, authors) are required to disclose to the provider any relevant financial relationships with any commercial interest. The AUA must determine if the individual’s relationships may influence the educational content and resolve any conflicts of interest prior to the commencement of the educational activity. The intent of this disclosure is not to prevent individuals with relevant financial relationships from participating, but rather to provide learners information with which they can make their own judgments.

Resolution of Identified Conflict of Interest: All disclosures will be reviewed by the program/course directors or editors for identification of conflicts of interest. Peer reviewers, working with the program directors and/or editors, will document the mechanism(s) for management and resolution of the conflict of interest and final approval of the activity will be documented prior to implementation. Any of the mechanisms below can/will be used to resolve conflict of interest:

- Peer review for valid, evidence-based content of all materials associated with an educational activity by the course/program director, editor, and/or Education Conflict of Interest Review Work Group or its subgroup.
- Limit content to evidence with no recommendations
- Introduction of a debate format with an unbiased moderator (point-counterpoint)
- Inclusion of moderated panel discussion
- Publication of a parallel or rebuttal article for an article that is felt to be biased
- Limit equipment representatives to providing logistics and operation support only in procedural demonstrations
- Divestiture of the relationship by faculty

Off-label or Unapproved Use of Drugs or Devices: The audience is advised that this continuing medical education activity may contain reference(s) to off-label or unapproved uses of drugs or devices. Please consult the prescribing information for full disclosure of approved uses.

Disclaimer: The opinions and recommendations expressed by faculty, authors and other experts whose input is included in this program are their own and do not necessarily represent the viewpoint of the AUA.

Consent to Use of Photographic Images: Attendance at or participation in AUA meetings and other activities constitutes an agreement by the registrant to AUA's use and distribution (both now and in the future) of the attendee's image or voice in photographs and electronic reproductions of such meetings and activities.

Audio, Video and Photographic Equipment: The use of audio, video and other photographic recording equipment by attendees is prohibited inside AUA meeting rooms.

Reproduction Permission: Reproduction of written materials developed for this AUA course is prohibited without the written permission from individual authors and the American Urological Association.

Special Assistance/Dietary Needs: The American Urological Association complies with the Americans with Disabilities Act §12112(a). If any participant is in need of special assistance or has any dietary restrictions, please see the registration desk.

Disclosure Report: The Disclosure Report for this meeting can be found online at:
